

Key to Attached Map (Discussed at Board Meeting, Feb. 1, 2011)

All streets are graded from 1 to 10 (bad to good). NOW, this is only regarding pavement and whether it should be reconstructed. Our streets received grades from 4 to 10 (this grading is redone every year).

- Purple (worst) is in the 4 category, (Just remember, the darker/redder the street is the worse it is.)
- Red streets are 5's,
- Orange are 6's,
- Blue are 7's,
- Green are 8's and
- Yellow (best streets) are 9 and 10.
