It's been another successful year for the flowers. We had plenty of cold weather but they're still looking good and will look even better when it warms up again. I want to thank all of the volunteers who have worked so hard to make our park look so good. Special thanks should go to George and Char Kelly. They have devoted many years to make Golden Vista more beautiful. George has been the chairman of the Landscape Committee and they were both involved in creating the Rose Garden and taking care of it for many years. We now have 5 volunteers to help them out with the roses.

I would also like to mention that the landscape in our park is looking very good again because of our excellent landscape crew, Gary and John. They're the ones that you see mowing the grass and trimming the bushes.

In addition, I should mention that our manager, Larry Martin has also been working very hard on correcting the problems we've had in the past. A lot has been done in the last year since he took over.
